Traffic Fatalities In County Decrease, Injuries Increase

BACK NEARLY 20 years ago there were considerably more fatalities on our Saline county highways than there have been since, in spite of more and faster automobiles.

But hold your horses. The number of persons injured has increased greatly since then.

From Ralph D. Brown, county superintendent of highways, I have received a list of fatalities and injuries in Saline county from 1936 through 1955. It is bracketed into five-year periods.

For that first five-year span, from 1936 through 1940, a total of 76 persons was killed on Saline county highways.

The number of injuries in traffic accidents for the period was 692.

The period 1941 through 1945 brought in the World War II years, when there was rationing of gasoline and tires and automobiles. As a result, the amount of driving dropped 'way down and this was reflected in the casualty picture.

Total number who died in traffic accidents during the five years was 34 and the number of injuries was 478.

With World War II and rationing over, the highway casualty lists began climbing in the 1946-50 period. The total dead was 47 and the number injured jumped to 1,053.

Then for the last five-year period, 1951-55, there were 54 traffic deaths and 1,028 injuries.

Best year on traffic casualties in Saline was 1945, when there were but three fatalities and 82 injuries.

Largest number of fatalities was 18 in 1937, followed by 17 in both 1936 and 1939. Largest number of injuries was 264 in 1951, followed 227 in 1946 and 222 in 1953.

Judy Garland Sues CBS; Charges Libel, Breach of Pact

NEW YORK (AP) — Singer Judy Garland Friday sued the Columbia Broadcasting System for \$1,393,333, charging libel and breach of contract.

Miss Garland's federal court suit asked \$1 million in libel damages. The remainder was for alleged breach of contract.

The singer-actress accused CBS of authorizing and inducing "publication of false and defamatory matter in newspapers and other publications."

Specifically, Miss Garland charged the network had authorized statements saying she "is known for her highly developed inferiority complex" and that she does "not want to work because something is bothering her."

These statements, she said, impaired her character and the esteem she held as a performer and "seriously prejudiced" her ability to obtain employment.

Miss Garland also charged that CBS cancelled a five-year contract last Jan. 8 calling for her to do one television show each year for five years.

Dock Strike Starts In England; Could Be Biggest in Years

LONDON (AP) — Shipyard workers walked off their jobs today in the start of what could be Britain's biggest labor strike since the depression days of 30 years ago.

The docks became idle when workers ended their last shifts early this morning and there was no one to replace them.

Some 200,000 shipyard workers are involved in the strike for a 10 per cent pay raise. Phase two of the strike of the Confederation of Shipbuilding and Engineering Unions begins next Saturday when some 2.5 million engineers are scheduled to walk out.

Meteor Stirs Southern Area

Seen from Alabama To Texas; Island In Gulf Shaken

NEW ORLEANS (AP)—A brilliant meteor, "with fire flying everywhere" streaked across southern skies Friday night and apparently crashed to earth in the barren marshlands along the Louisiana coast.

The flash of light caused by the meteor or a shower of meteors was seen from Alabama to Texas, and authorities were checking reports that the falling object hit in the vicinity of Marsh Island, just off the Louisiana coast in the Gulf of Mexico.

The Coast Guard in New Orleans said radar men tracked the object on its weather scope into the area of Marsh Island, but were unable to tell if it reached the ground or exploded in the air.

The game warden on Marsh Island, a wildlife refuge, reported by radio to the New Iberia sheriff's office that the meteor "made a hell of a noise and shook the whole island." However, he didn't see it land.

Several men from the New Iberia sheriff's office rushed to the island to see if they could locate the meteorite.

Tremors were reported throughout the vicinity in a circular area with a radius of some 30 miles and apparently centered near Franklin, La., which is located between New Iberia and Marsh Island. Police said windows were broken at some points in the circle, which encompasses New Iberia, Opelousas and Lafayette as well as Franklin.

France, Israel Map Joint Strategy in Gaza Controversy

By United Press

French and Israeli officials huddled in Paris today to plan joint emergency strategy in the Gaza dispute against their common enemy—Egyptian President Gamal Abdel Nasser.

Israeli Foreign Minister Moshe Sharett, en route from Tel Aviv to New York, interrupted her trip suddenly in Paris for talks with French Premier Guy Mollet and Foreign Affairs Secretary General Louis Joxe.

France has been Israel's most constant and enthusiastic supporter in the Middle East crisis and there was little doubt Mrs. Meir would win renewed support today. It was likely she would ask Mollet to pressure the United States to give Israel similar support.

She planned to continue from Paris to New York for talks with UN Secretary General Dag Hammarskjöld and U. S. Secretary of State John Foster Dulles.

Women Replace Cattle Pulling the Plough

SAIGON, Vietnam (AP)—Women are replacing draft cattle in Communist North Vietnam, the semi-official South Viet Nam News Agency claims.

The news agency said Communist Radio Hanoi praised women for having "replaced draft cattle in rice cultivation."

The report said that 19,000 women have pulled ploughs in place of cattle.

Pastor's Son Drowns in Benton Lake

BENTON, Ill. (AP)—Carl Whittington, 16, son of the Rev. Carl Whittington, a Baptist minister in Benton, drowned in a boating accident on Benton Lake, the Franklin county sheriff's office said Friday night.

The sheriff's office said Whittington and another boy, Bill Murphy, were out in the lake in a fishing boat Friday when it overturned and both boys swam for shore.

The Murphy boy reached shore safely, but Whittington was dragged under by a heavy pair of fishing boots he was wearing, the sheriff's office said. The boy's body was recovered with drag lines shortly after the accident.

She's Happy: Reunited with Sons She Left 9 Years Ago in Hungary

NEW YORK (AP)—A New Jersey mother's nine years of anxiety and heartache end today when she is reunited with her two young sons who have at last slipped under Hungary's Iron Curtain.

Mrs. Alexander Bodnar of Passaic, N. J., will be at New York International Airport for the arrival of her boys, Ferenc, 13, and Andras, 12.

It will be the climax of a long, fearful wait that began in July, 1947. At that time, the mother left Budapest to come to the United States to marry a former U. S. Army sergeant she had met in Hungary.

It was understood that she would be followed by her sons, born to her and her deceased first husband. But when the Hungarian government came under Communist domination, it forbade the boys to travel.

Mrs. Bodnar never ceased her efforts to get the children to America. She filled out scores of applications filed affidavits, and finally obtained necessary visas, but the Hungarian government would not budge.

In her desperation, Mrs. Bodnar wrote the president of the United States, the secretary general of the United Nations, and the head of Communist Hungary personally.

Mount Vernon Crash Kills 3

Six Others Hurt, One Seriously, in Head-On Collision

MOUNT VERNON, Ill. (AP)—Three persons were killed and six others injured Friday in a head-on collision near here.

All of the dead were in one car. They were identified as Charles Dudley, 71, Nason, Ill., the driver, and Pearl Taaka, 67, and Ida K. Elliston, about 65, both of Mount Vernon.

They were killed instantly in a collision with a car driven by Everett Carpenter, 42, Mount Vernon, police said.

Carpenter was taken to Good Samaritan Hospital, Mount Vernon, where he was reported in serious condition. Also taken to the hospital with minor injuries were Carpenter's wife, Beatrice, 44; their daughter, Judy Sue, 16, and three of the daughter's young girl friends.

Navy Blimp, Up 11 Days, Sets 2 World Records

KEY WEST, Fla. (AP)—A cigar-shaped Navy blimp ended its tedious 11-day journey here Friday night with two world records to its credit, but its commander said the new marks were just "incidental" to the main purpose of the flight.

Cmdr. Jack R. Hunt of Rolling Hills, Calif., said the long trip proved the ZPG-2 blimp's worth as a first-line unit in the radar screen of defense around the borders of the United States.

Beck Reply Wednesday On Giving Up Records

Fingers Point In Rising Costs Of Government

Budget Chief Blames Congress; Sen. Byrd Presses for Cuts

WASHINGTON (AP) — Congress and the administration sought today to blame each other for the rising cost of big government.

Assistant Budget Director Robert E. Merriam said Congress was at fault because it kept creating costly new programs. He told a House Civil Service Committee Friday that the administration had cut to "rock bottom" the budget for its civilian agencies.

Sen. Harry F. Byrd (D-Va.), leader of the Senate economy bloc, charged the administration's "luxury budget" was "padded... all down the line" and would launch 24 new programs and expand 14 others. He called for a \$5 billion budget reduction.

Merriam said the only way Congress can deflate President Eisenhower's record 71.8 billion peacetime budget was to stop handing the administration new programs and to quit enlarging others.

Rep. Richard M. Simpson (R-Pa.), chairman of the GOP House Campaign Committee, said he was "stunned" by the size of the budget. He said the people no longer look to the executive but to Congress to reduce spending and cut taxes.

Mrs. Hodge Holds To Apartment in Florida Hotel

FT. LAUDERDALE, Fla. (AP) — Mrs. Orville Hodge, wife of the convicted former Illinois state auditor, said here today she had no intention of giving up her \$100-a-day apartment hotel penthouse without a fight.

The State of Illinois is seeking to oust Mrs. Hodge from the lavish Esquire Hotel so it can complete the sale of the Esquire to the Michigan Typewriting Co., Detroit, for \$533,500.

The money from the sale of the plush Fort Lauderdale hotel would replace some of the funds taken by her husband, now serving a prison term for embezzlement.

The Hodge's property manager, James Erickson, said Mrs. Hodge maintains the Esquire still belongs to her and will not give it up unless ordered to do so by the courts. She said she will fight any move to oust her from her \$100-a-day suite.

Fate of Gang Held In Hammer Killing Held Up Few Days

CHICAGO (AP)—The fate of 15 teen-agers accused of viciously hammering a Negro boy to death was not expected to be known for several days.

A grand jury, which heard charges against the 15 Friday, will then officially announce its decision on requested indictments.

State's Attorney Benjamin Adamowski has said he planned to accuse 13 of the 15 white boys of murder and two others as accessories to the crime. He also indicated he would demand the death penalty for all 15.

Joseph Schwartz, 17, has admitted wielding a three-pound hammer which killed Alvin Palmer, 17, a high school honor pupil, last Monday night.

Schwartz and the others, members of a teen-age gang, admitted they prowled about with the intention of assaulting the first Negro they spotted, Adamowski said.

The youths were all held without bond.

HOLLYWOOD (AP) — High living that came with a fat film part has forced one movie celebrity to go on a diet. Eisenhower's Cough Better

Warm Weather and Sunshine Apparently Doing Him Wonders

ABOARD THE EISENHOWER ESCORT SHIP (AP) — President Eisenhower's cough lessened steadily as he responded today to the soothing sea air on his rest cruise in semi-tropical waters.

Navy forecasters predicted bright sunshine and balmy temperatures in the 80's today as the President's "flagship," the heavy cruiser Canberra, cruised leisurely off the northeast banks of the Bahamas southeast of Miami.

The trip apparently was doing wonders for an inflammation of his ear and a cough that has been bothering him since his inauguration Jan. 20.

Presidential News Secretary James C. Hagerty told newsmen Friday that the President is coughing "very little" and that the ear inflammation "is decreasing more each day."

Although the President was taking it easy, he kept in close touch with fast-breaking international developments. He has been receiving two radio reports daily from Washington on the foreign situation, particularly in the Middle East.

One Killed Near Du Quoin; News Truck in Crash

DU QUOIN, Ill. (AP) — One man was killed and another seriously injured early today in a head-on collision of a truck and automobile near here.

State police identified the dead man as Raymond W. Felts, 41, Du Quoin, driver of the car. A passenger in the car, Adam Kania, 38, also of Du Quoin, was admitted to the U. S. Veterans Hospital at Marion.

Richard A. Woolverton, 50, 1410 Monroe, St. Louis, driver of the truck, was not injured. State police said he was delivering St. Louis Globe-Democrat newspapers. (This newspaper was late in arriving in Harrisburg this morning.)

The wreck occurred on U. S. 51.

Find 3,000-Year-Old Chariot-Driver Imprint

LONDON (AP)—The 3,000-year-old imprint of a chariot together with the skeleton of its driver and two horses have been found in excavations along the Feng River, Radio Peiping reported.

The broadcast said skeletons of slaves buried at their master's deaths also have been found in five of the 50 tombs excavated so far at the site of the capital of the Western Chou dynasty, which dated from 1066 to 771 B.C.

Senate Group Wants Look at Financial Data

Grand Jury Looks Into Charge of Bribe by Hoffa

WASHINGTON (AP) — Defiant Teamsters Union President Dave Beck today planned a 96-hour delay in answering a Senate demand that he say immediately when he will turn over his personal financial records.

Beck said he will meet with his lawyers Tuesday and will inform the Senate Rackets Committee Wednesday whether he will surrender the long-sought records.

The leader of 1.4 million Teamsters said Friday night at Seattle, Wash., that he had informed the committee of his plans in a telegram to Committee Chairman John L. McClellan (D-Ark.).

Beck issued his statement as a federal grand jury weighed FBI charges that Beck's first apparent Midwest Teamster czar James R. Hoffa—bribed a Rackets Committee investigator to file documents from secret committee files.

Hoffa's Secretary Testifies Mrs. Dorothy Dobrescu, Hoffa's auburn-haired secretary, appeared before the grand jury for 30 minutes Friday. Afterwards, she told newsmen that she "answered everything."

The 36-year-old secretary, who is under \$25,000 bond as a material witness, returned to Detroit. So did her boss.

In Chicago Friday night, AFL-CIO Secretary-Treasurer William F. Schnitzler said organized labor will wipe out corruption in its own ranks "with stern action and without panic."

He told the National Council of Presbyterian Men that "we know that the number of corrupt individuals in the American labor movement is indeed tiny but we know as well that even one is too many."

The AFL-CIO Ethical Practices Committee put Schnitzler's words into action earlier in the day by opening an investigation of corruption charges against the 160,000-member Bakery and Confectionery Workers Union.

McClellan demanded Friday that Beck notify him immediately when the beefy union president would turn over his personal records which the committee has been seeking for a month. McClellan said he would issue a subpoena for the records if Beck did not produce them voluntarily.

Beck, Duff to Confer

Beck said in Seattle he would have no objection to a "legal and proper" subpoena but wanted to confer with attorneys before giving up his records voluntarily. He said that among the attorneys with whom he will confer Tuesday will be former Sen. James H. Duff (R-Pa.).

If Beck wants, he could invoke the Fifth Amendment and refuse to produce his personal records. Witnesses have done that successfully in other congressional investigations. But it would require an admission that the records contained evidence that might tend to incriminate him.

The sensational hearings on alleged Teamster-racket links in the Pacific Northwest were in recess until Tuesday when West Coast Teamster boss Frank W. Brewster was scheduled to resume testifying. He flew home to Seattle for the weekend.

LITTER-ALLY WORRIED — Wearing a harried expression, Duchess of Heidelberg wonders how she will ever feed her family of 16 pure-bred German short-haired pointers. The litter, sired by Prince Von Schoenherr, is believed to be a record. Duchess' owner, Harold Emery, of Detroit, came to her rescue by contriving a mechanical feeder out of a shoe rack.

**This Week at
DIXON SPRINGS**
University of Illinois Experiment Station

(A round-up of the week's
work, activities, and observa-
tions at the University of Il-
linois Dixon Springs Experi-
ment Station near Robbs in
southern Illinois, prepared by
the Station's staff.)

If the legs of the seeding crew
hold out, they will soon have
walked over some 400 acres in
their spring seeding operations.
They are broadcasting clovers in
grasses and small grains that were
established last fall. Their object
is to complete this seeding while
we still have alternate freezing
and thawing, a condition that
helps to cover the seed.

Several different mixtures are
being used, but the most common
for general pasture use is 5-7
pounds of lespedeza, 3-4 pounds of
red clover, 1 pound of Ladino and
3 pounds of sweet clover.

Substitutes for Good Seedbeds?

Is there a substitute for a good
seedbed? Hopefully and repeated-
ly farmers ask this question, even
though they suspect that there is
no good shortcut. The most fertile
hope is that an old, weedy pasture
may be rejuvenated merely by
broadcasting seed on the old sod.
It won't work.

Pasture-renewing machines
have been developed to improve
pastures with a once-over opera-
tion on the old sod. These ma-
chines open furrows and place
seed and fertilizers in the furrows.
Such a machine has been used on
the Station in different seasons,
in different years and on pas-
tures of varying conditions. It
has not proved successful in get-
ting legumes back in a grass sod.
It has, however, worked very well
in getting grasses established in
thin stands of clover or alfalfa.
Aside from this success, we doubt
that a shortcut to a weed-free,
moist and moderately firm seed-
bed has been found.

Cheat and Rye Grass

Cheat and rye grass are both
quick-germinating, fast-growing an-
nuals—actually winter an-
nuals the same as wheat—that can
become terrible pests. They are
likely to become an aggravation
on areas that have been in pas-
ture more or less continuously.
Because of their rapid growth,
they compete very strongly with
new seedlings of grass, small grains
and legumes. New pasture seed-
ings often fail because of cheat or
rye grass infestation.

Now is a good time to examine
the pasture seedlings you made
last fall and, if these robbers have
taken over, do something about
it now. The best control is not to
allow these wild grasses to make
seed. Plow the area, and plan
to seed sudan grass on a clean
tilled crop. This scheme has
worked on the Station, and it will
work for you. Next fall you can
try your pasture seeding again.
If you use weed-free seed, the odds
are with you.

Identify and Record

If you are to take advantage of
a production test on your cattle
herd next fall, you must have your
calves and cows identified now.
Tattoos or ear tags and a simple
record telling which calf belongs
to which cow will set you up. Your
farm adviser can tell you more
about the production test.

SIU Country Column

By Albert Meyer

If the nation's cattle farmers
hold to past patterns, a decline in
cattle numbers showing up this
year likely may continue for the
next five or six years. At least
that is the way Dr. Walter J.
Wills, Southern Illinois University
agricultural marketing specialist,
sees it.

The assumption is based on a
January 1 U. S. Department of
Agriculture report of livestock
numbers on farms as determined
through the cooperation of the
state statisticians' offices and re-
ports from thousands of farmers.
The estimate is a regular first-of-
the-year report and has value to
farmers and others interested in
determining where the nation's
livestock industry is headed.

United States farmers had two
percent fewer cattle on their farms
January 1 than they had a year
earlier when the number reached
an all-time high of nearly 97,
000,000 head. The numbers on
the farms this year, however, were
exceeded only by the cattle popu-
lations of 1954, 1955, and 1956.
The decline this year was greater
for dairy cows than for beef cattle,
Wills points out.

The picture in Illinois differs
somewhat from the national figure.
Here total cattle numbers are
about six percent above last year.
Dairy cow numbers decreased
about two percent in Illinois but
beef cow numbers were up three
percent and other beef cattle in-
creased 10 percent. The latter
group is composed primarily of
cattle on feed, or young cattle in-
tended for the feed lots. There
have been earlier references in
this column to the larger propor-
tion of younger beef cattle on Il-
linois feeding farms this year and
the possibility of a later than
normal movement to market.

Dairy cows still outnumber beef
cows 849,000 to 633,000 in Illinois,
Wills says. In the United States
there are 23,000,000 dairy cows
as compared to nearly 25,000,000
beef cows. Texas is the leader in
number of beef cows, followed in
order by Nebraska, Oklahoma, and
South Dakota. Illinois ranks fif-
teenth, being surpassed by such
states as North Dakota, Florida,
Mississippi, and Alabama.

Illinois ranks tenth in number
of dairy cows. The leading dairy
cow states are Wisconsin, Minne-
sota, New York, and Iowa.

The number of stock sheep in
the nation went down two percent
this year while total number of
sheep was down only one percent.
Here, too, Illinois is not following
the national pattern because the
report shows that total number
of sheep is up four percent and
the number in breeding flocks is
up one percent. The north cen-
tral states have 28 percent of the
nation's sheep with breeding
sheep up three percent in num-
ber.

In number of stock sheep Il-
linois ranks seventeenth. Leading
the way are Texas, Wyoming, Cal-
ifornia, and Montana.
An interesting sidelight empha-
sizing the rapidity of technological
advancements in agriculture, par-
ticularly in farm mechanization, is
indicated by the reported decline
in number of horses and mules on
farms. The U. S. D. A. report
showed a 16 percent decline in
Illinois during the past year. Na-
tionally the number of horses and
mules has declined nearly two-
thirds in the last 10 years.

In a recent speech at the SIU
Agriculture Club dinner, Earl M.
Hughes, prominent Woodstock
Illinois, farmer, reported that the
number of horses and mules on
the nation's farms went down from
26,000,000 in 1920 to only 4,600,
000 in 1954. The most rapid de-
cline has come since the mid-
thirties.

It would be a safe assumption
that many of the horses and mules
remaining on the farms see only
intermittent use today except in
certain limited areas of the na-
tion where rural folk cling to the
use of animals instead of tractors
as farm motive power for reasons
of religion or group customs.

Farmers Asked to Double Field Fire Prevention Precautions

SPRINGFIELD —The Illinois
Department of Conservation today
asked farmers and land owners
to double fire prevention precau-
tions now that the high wind sea-
son is approaching.

A department spokesman said
nine fires burned 860 acres in the
Williamson, Jackson, Franklin and
Perry county area this week.

The largest of these fires de-
stroyed 300 acres near Zeigler in
Franklin county.

Max Lane, Benton, in charge of
fire control in that area, said some
moisture fell Thursday, but added
that unless more came immedi-
ately the area would again become
extremely dry.

The department especially asked
care when burning weeds off land
and from along fence rows.

A university of Illinois veteri-
narian says that you can help to
keep worms under control by not
overstocking or overgrazing your
pastures.

Illinois Corn Having Excellent Season In Florida On Research Project

HOMESTEAD, Fla.—Here in the
heart of a winter vegetable-grow-
ing area about 35 miles southwest
of Miami, on a field that was once
swampland, University of Illinois
corn breeders are carrying out
four research projects this winter.

Earl Leng, an Illinois staff mem-
ber who is working on this proj-
ect, spent the early part of Febru-
ary here and found excellent
growing conditions. Day temper-
atures were running from 80 to
85 degrees and night temperatures
around 60. That's just like Illi-
nois in June, he commented.

Growing an extra crop in the
winter in Florida means that corn
breeding work can be carried on
twice as fast. This project is con-
ducted by the University of Il-
linois in cooperation with the Il-
linois Seed Producers Association,
which arranges for the land and
helps with production. Clarion
Henderson, production manager for
the Seed Producers, has
handled many of the details.

A winter corn crop is planted
here about the middle of Novem-
ber. Floyd Ingessoll, manager of
the Illinois Seed Producers, came
from Champaign to Homestead to
handle this job.

Pollinating takes place in late
January and February. In experi-
mental work, self-pollinations,
crosses and selections must be
made at the right time and in the
right way. To handle this part
of the project, Don Finley, re-
search assistant at the University;

URBANA—Field tests of 37 hy-
brid and standard grain sorghum
varieties in 1956 showed the hy-
brids far superior. Carl N. Hittle,
University of Illinois agronomist
says farmers can expect 20 to 30
percent higher yields from hy-
brid compared to standard varie-
ties.

The 1956 tests were conducted
in Champaign, Macoupin, Mason,
Morgan and Fayette counties.

Hittle says that where moisture
and growing season are favorable,
corn will continue to be the best
crop. But sorghum does have a
place where moisture is short or
a short season crop is desired.
Farmers who follow corn allot-
ments may want to grow sorghum
on land taken out of corn.

Average yield on all sorghum
varieties was 102 bushels per acre.
The hybrids averaged 110 bushels
while the standard varieties made
only 92 bushels. Because of the
late planting of sorghums, corn
planted in the same fields at the
same time yielded only 96
bushels.

Hittle points out that this
shows the advantage of sorghum
for a short season crop. He also
says corn would probably have
yielded better if it had been
planted earlier.

Some sorghum varieties showed
much greater damage from corn
borer than others. But corn was
more heavily damaged by borer
than any sorghum varieties.

were here in the early part of
February.

The crop will be harvested in
late March. Henderson and
Beckett will return at that time.
They will harvest and dry the
corn and take it back to Illinois
with them.

Four types of research are un-
der way. Beckett is working on
male sterile corn and methods of
restoring fertility. R. W. Juge-
heimer, D. E. Alexander and Leng,
University of Illinois corn breed-
ers, are each growing certain
single and double hybrid crosses.
Alexander is continuing his work
on tetraploid corn, a different
type of genetic combination in
corn. Leng is continuing work
with dwarf hybrids.

Named Sup't of Agronomy Research Center at SIU

David R. Browning

CARBONDALE, Ill. — David R.
Browning, 43, superintendent of
the University of West Virginia
Ohio Valley Experiment Station,
Point Pleasant, West Virginia, was
approved by the Southern Illinois
University Board of Trustees
Thursday as superintendent of the
Cooperative Agronomy Research
Center at SIU.

Browning's appointment, effec-
tive March 15, is in cooperation
with the University of Illinois,
which shares with SIU the opera-
tion of the Center. He will replace
Edward Sullivan who resigned
Sept. 5, 1956, to accept a research
position at Pennsylvania State Uni-
versity.

Extensive soils and crops re-
search programs testing grain and
forage crops varieties and man-
agement, soil fertility programs, and
chemical weed control are carried
out at the Agronomy Research Cen-
ter.

The lower corn support rate is
one of the most encouraging long
range factors now in the corn
market picture, says a University
of Illinois grain marketing special-
ist, since lower prices are the
means by which use will be in-
creased and use and production
brought into balance.

A University of Illinois dairy
marketing specialist says that de-
cisions made now for more or less
government control will dictate
whether or not dairying will be
profitable in another 25 years.

Miss Jeanie Miller

Announce Marriage of
Miss Myrna Deering and
A/c Glendal Douglas

Announcement is being made of the wedding of Miss Myrna Louise Deering, of Alamogordo, N. M., and A/c Glendal Eugene Douglas, which took place Feb. 17 at the First Baptist church in Alamogordo. The Rev. C. E. Whitlow, pastor, performed the double ring ceremony at 2:30 p. m. for the pair before an altar decorated with white stock.

The bride is the daughter of Mrs. Stella Deering of Alamogordo and the late R. G. Deering of Hilltop, Ark., and the bridegroom is the son of Mr. and Mrs. J. D. Douglas of the Liberty community. The bride was given in marriage by J. H. Mullins. Her floor length gown was of white lace over satin, and the torso bodice was finished with a small collar at the high neck and had wrist length sleeves. Tiers of lace and tulle formed the full skirt.

Her veil of illusion was attached to a bandeau of pearls and rhinestones. Her shower bouquet was of white carnations and orange blossoms with white satin streamers.

Miss Myrna Joan Holdren, who was maid of honor, wore a gown of pastel pink and wore white carnations.

A/c Alton W. Alls was best man for the bridegroom, and A/c Charles Strickwerds and A/c Jim Anderson ushered.

For her daughter's marriage Mrs. Deering chose a navy blue dress and pink accessories. Her corsage was of pink carnations. Nuptial music was played by Mrs. Merritt, organist, who also accompanied Miss Edwina Rickle when she sang "I Love Thee."

Afterward there was a reception in the church banquet hall. Mrs. Lorena G. Miller, Mrs. Alton Smith and Mrs. Merritt assisted. A tiered bride's cake was served with punch. The bridegroom is a graduate of the Harrisburg Township high school and is with the Air Force stationed at Holloman Air Force Base, White Sands, N. M.

Following a wedding trip to the northern part of the state the couple is at home at 709 Florida Avenue in Alamogordo.

Ladies' Bible Class
Has St. Patrick's Party

The Ladies' Bible class of the Dorrisville Baptist church met Thursday evening at the home of Mrs. Iley McDowell. This was a social meeting and there were prizes and St. Patrick's Day favors.

The meeting opened with a hymn, "What a Friend We Have in Jesus," followed by a devotion taken from the 100th Psalm under the leadership of the class president, Mrs. Ethel Hudnell. A prayer by Mrs. Rose McIlrath was followed by roll call answered with scripture quotations. Mrs. Alma Dunn, who has a March birthday, was presented with a gift from the class. The business meeting was dismissed with prayer by Mrs. Rose Stricklin.

Our verdict had been given. With a word of commendation the Judge discharged us, the ladies and gentlemen of the jury. The completed duty brought little relief. Instead there was a burden, a spiritual weight. Days of testimony and hours of deliberation had given an oppressive sense of the world's sin and suffering.

The door of my church was open and I slipped inside. I was alone as the rays of the setting sun enhanced the rich colors of the windows. All was quiet. I dropped to my knees.

Gradually in the solemn beauty of that sacred place I found peace. Here was sanctuary for me and for all who would come in faith believing.

Thankfully I arose; my heart and mind felt calm and refreshed. I could go home now, but I would return often. In glad fellowship with God's people I would worship the Christ who died that men might be forgiven.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

'The Authority of Jesus'

Matthew 21:12-22:46

GOLDEN TEXT: "THE PEOPLE WERE ASTONISHED AT HIS DOCTRINE: FOR HE TAUGHT THEM as one having authority." (Matt. 7:28-29)

INTRODUCTION—Authority is a great word. It has various shades of meanings. We find authority in various types of governments. In the United States we find the authority resting in the people. In other countries, authority rests within individuals.

In the social world there are leaders who are authorities, because they have studied and prepared themselves for their particular fields of labor.

In the realm of Christianity there is only one authority. That rests within Jesus Christ. "All authority in heaven and on earth" have been invested in him. No individual within any earthly church has any authority, except that which has been given by our Lord Jesus Christ.

I AUTHORITY OVER THE TEMPLE (V. 12-21)

See Jesus in all his righteous indignation cleansing the temple. Those worldly minded people had turned the temple into a place of graft. Money changers were cheating and lying. There was buying and selling. God's house had been turned into a moral pigsty. No wonder Jesus lashed forth in all his righteous fury.

If you have ever thought of Jesus as being a sickly, weak, anemic person; then think again. See him driving these evil men from the Temple. Only Jesus, the Son of God had the authority to do this. Jesus left them and walked about four miles down to Bethany. Mary, Martha and Lazarus lived there. He was hungry. He saw a fig tree which had no fruit. He cursed it with the authority that only Jesus could have. That fig tree was like a lot of people today who bear no fruit for Christ.

II CONTROVERSY IN THE TEMPLE (V. 23-46)

Jesus' authority was questioned. These Pharisees had made up their minds to destroy Jesus. Luke tells us. They let Jesus introduce himself as the Son of David. Then these Pharisees raised some questions: What right did He have to drive folks from the temple? By what authority did he claim to be King of Israel? Who said he was, "Son of David?" Jesus replied by asking a ques-

tion. "The baptism of John—was it from heaven, or, men?" Jesus had them trapped. If they answered, "from heaven," then Jesus would ask why they had not been baptized by John. If they answered, "from men," then they would raise the temper of the people. They could not answer. Jesus reserved the right to refuse to answer their question. He had the authority!

CONCLUSION (PARABLE OF THE TWO SONS—V. 28-32)

The father told one son to go and work in his vineyard, and this son rudely refused. He told the other son to do the same work, and he said he would go. However, the first son repented and went to vineyard to work, while the second son never did do what he promised to do.

Jesus told these people that the harlots and publicans would make it to heaven before the religious leaders (Scribes and Pharisees) would. Why? Because those harlots and publicans had repented and gone to God's vineyard to work, while those Scribes and Pharisees were only pretending to work for God.

In which group do you find yourself? Are you obedient to the call of God, or, are you only pretending to serve Him? Remember, Christ has all authority over your soul. Follow him.

Chestnut Burned at Sub Listing

NEW YORK (U-P)—Like Chestnut demanded a principal's berth today in the forthcoming feather-weight title tournament instead of the alternate's post he earned Friday night by outpointing Gil Cadilli in their return television bout at Madison Square Garden.

Chestnut, 26-year-old son of a New York Central Pullman porter, turned the tables on speedy Cadilli of Los Angeles by sliding under the Californian's jabs and hooks with a smashing attack to the body and head. There were no knockdowns.

Persistent Ike forced the action in every session and took the unanimous decision, 5-4-1, 6-4, 6-3-1, over Gil, who had won a split verdict in their first bout at Houston, Tex., Oct. 30.

Each weighed 129½ pounds, and betting was at "even money."

Burke Tops Field In St. Pete Open

ST. PETERSBURG, Fla. (U-P)—It seemed only appropriate that Jackie Burke Jr. was leading the field in the St. Petersburg Open Golf Tournament on the day before St. Patrick's Day.

The Texas Irishman, who now plays out of Kiamasha Lake, N. Y., grabbed the lead in Friday's second round by shooting a three-under-par 68 for a 36-hole total of 135.

That gave curly-haired Burke a one-stroke lead over Pete Cooper of Lakeland, Fla., and Cary Midgloff of Dallas.

Favor Utah Quintet in NIT Opener in New York

NEW YORK (U-P)—Utah is a three-point choice to whip Memphis State and Seton Hall in a two-point pick to defeat Xavier of Ohio today in the opening games of the National Invitation Basketball tournament.

76-47 Tiger Rout of Fine Duster Thomas Crew Big Surprise; Rams Win 64-60

By United Press

Herrin smashed highly regarded Pinckneyville, 76-47, and Galesburg stunned Rock Island, 23-21, as Illinois' "Sweet Sixteen" prep basketball sectional champions were crowned Friday night.

Mount Vernon turned in another upset in jolting West Frankfort, 64-60.

Top-ranked Collinsville, which hit the 100-point mark, Elgin, Chicago Heights' Bloom and Pekin led the list of favorites advancing into Tuesday's eight super sectionals.

Other Sweet Sixteen sectional winners were Champaign, Charleston, Ottawa, Freeport, Springfield, Evanston, Maroa and Quincy Notre Dame. Chicago Crane won the right to represent the big city in the tournament.

Herrin completely overwhelmed Pinckneyville's third-ranked Panthers by shooting at a blistering 55.0 percentage from the field. The game was rated a toss-up although Herrin had edged Pinckneyville by three points in the regular season.

The Panthers were out to make Coach Duster Thomas' last season a winning one, but it was just no go. Herrin's center John Tidwell poured in 24 points for high scoring honors.

Herrin will meet Mount Vernon in the West Frankfort super sectional.

Galesburg gained revenge for two regular season defeats by using slow down tactics against fourth ranked Rock Island. Galesburg used a stall from the start of the game and led, 2-0, at the end of the first period, but Rock Island led, 17-14, going into the final quarter.

Collinsville Hits 100
Galesburg's Elbert Kimbrough dropped in the winning bucket with four seconds to go. He also was the night's high scorer—with 8 points. Galesburg meets Freeport in the Moline super sectional.

Collinsville racked up its 31st straight triumph by wallopping Centralia, 100-80, at Vandalia. Forward Tom Jackson sparked the attack with 40 points and center Terry Bethel added 26.

The Kahoks meet Charleston in the Salem super sectional.

Second ranked Elgin also had an easy time on the way to its straight victory, pounding Aurora West, 69-47, at Aurora West. Elgin's Charlie Brandt led the Maroons with 25 points.

Elgin will meet Bloom in the Hinsdale super sectional.

Pekin-Central
Pekin came out on top, 48-45, in a nip-and-tuck battle with Peoria Central at Macomb to advance to the Peoria super sectional against Ottawa, Pekin and Central, which split a pair of regular season games, were tied, 35-35, going into the final period. Central's Ron Herman led the scoring with 19 points and Tony Eichelberger had 17 for Pekin.

Mount Vernon edged West Frankfort, 64-60, to grab the West Frankfort sectional and gain the right to meet Herrin in the West Frankfort super sectional. Mount Vernon led most of the way but had to drop in two last minute baskets to turn back a final quarter West Frankfort drive after Frankfort had tied the count at 60-60 with 50 seconds to play.

Bloom of Chicago Heights pulled away from a 30-30 halftime deadlock with Pontiac to chalk up a 64-55 win at Blue Island. Bloom shot a scorching 55.0 in the second half.

Last Period Winners
Champaign took a thriller from Rantoul at Urbana, 51-49, as John Easterbrook threw in a 15-footer in the final second of play. Champaign went into the final period trailing by 15 points.

Champaign will meet Maroa in the Decatur super sectional.

In another thriller, Quincy Notre Dame edged Jacksonville, 63-60 in overtime at Jacksonville to advance to the Springfield super sectional against Springfield.

Maroa poured in 24 points in the final period to overtake Warrensburg-Latham and snatch a 59-50 victory at Decatur after trailing most of the way. Springfield raced to an easy 59-42 win over Lincoln at Springfield.

Evanston captured the Arlington Heights sectional with a 59-46 triumph over Barrington to gain the right to oppose Chicago Crane in the Evanston super sectional.

Freeport a Winner
Ottawa thumped LaSalle-Peru, 52-42, to grab the Ottawa sectional title as guard Frank Clements collected 22 points.

Freeport clipped Forrester, 70-61, at Sterling, with George Hively taking scoring honors with 16 points.

Charleston jumped to an early lead over Robinson and never was in serious trouble. Charleston, which chalked up a 60-52 victory, thus gained the Bridgeport sectional crown.

Chicago Crane won the Public League championship by edging Marshall, 66-61, for the first City championship for the Cougars in 17 years.

Hawk Till to Decide West Division Champ

By United Press

The St. Louis Hawks met the Minneapolis Lakers today at St. Louis in a nationally televised game to decide the Western Division champion in the National Basketball Association.

The regular season wound up Wednesday night with St. Louis, Minneapolis and the Fort Wayne Pistons tied for first place in the division. The Hawks then won the right to meet the Lakers in this playoff before the playoffs by downing Fort Wayne, 115-103, Thursday night.

If St. Louis wins today's game, the Hawks will meet the winner of a best-of-three series between Fort Wayne and Minneapolis, which will get underway at Minneapolis Sunday afternoon.

If Minneapolis captures the Western Division pennant, the Lakers will rest while St. Louis and Fort Wayne open a best-of-three series at St. Louis Sunday afternoon.

Meanwhile, the Eastern Division playoffs will get underway on schedule tonight with the Syracuse Nationals meeting the Warriors at Philadelphia. The winner of this series will play the pennant-winning Boston Celtics.
